

Audio TOUR

THE WAYFARER GUIDED AUDIO 'CRUISE' APP: INSTRUCTIONS

Note that the 'Cruise' starts just off Highway 99 at Kiernan Ave and Sisk Road. The app will instruct you to start there. Even if you are a local...you'll want to start there. If you do not start there you'll miss instructions on how to use the app to navigate backward and forward, skip, pause and more. You'll also miss a full intro to the world of Almonds and why you are surrounded by so many thousands of acres of almond orchards right here in Modesto.

To Download the Tour (better to do at home in your WIFI zone)

- Scan one of the links below to download the app in the App Store or Google Play
- The app will take a few moments to download updated audio, directions and music
- Be sure to 'allow' location sharing as the app provides instructions and information based upon your location
- If your mobile device interrupts the app for any reason, click the purple button in the upper right section of your screen and then 'pause' tour...then click the light blue button at the bottom to 'resume' your tour
- Should you take a wrong turn, veer off for traffic, encounter a detour or just need to restart; scroll forward to find the next orange 'waypoint' on your screen, click this and start navigation to begin where you are now
- Scan the link below for your mobile device to get started
- Click start on your tour before arriving so you don't miss a step
