

ART IS CENTRAL

MURAL WALK

In the heart of Modesto, a dialogue is building.

Established and emerging voices are heard through larger-than-life murals, artist-run galleries, intimate and sprawling stages – even the architecture speaks volumes.

ART is central to Modesto, where traditions encounter the avant-garde, the inexperienced meet the masters. You may have come to stock up on the produce, but stop and sample the local, international, classic, or modern conversations. They are missing your interpretations.

This BROCHURE is supported in part, by a grant from the City of Modesto's Pandemic Recovery Strategy "Modesto Forward", to support local recovery from the pandemic in its publicity and promotional materials.

When your canvas is building-size, stories just spill off the bricks. Modesto's curated walking tour through a maze of murals introduces you not only to the incredible imagery, but also to the talented artists and supportive community behind each image.

Immerse yourself along a path of history, nostalgia, and dreams as the walls attempt to speak and we interpret through our audio tour, rich with backstories and artist insight. Grab your posse or hit the pavement solo - the tour will do the rest!
