ALMOND Blossom CRUISE

ROUTE 1 ~ 2.5 hours

This is what “cruise” was made for. Hop in your car, roll down the windows, and let our country roads charm you.

ROUTE 2 ~ 3 hours

The longest route, but let’s be honest—you’ll be so busy enjoying the views, you won’t even notice the time.

ROUTE 3 ~ 1 hour

This route gets straight to the blossoms without wasting time. It’s proof you don’t need hours to get that “wow” moment.

Download the audio book version to the Modesto Almond Blossom Cruise app. This audio book will explain why 80% of the world’s almonds grow in California. Take a virtual ride down country roads surrounded by white and pink blossoms. Learn about a world-famous olive oil producer, hear from the owner of an old-fashioned farm stand brimming with nuts and produce ... and explore bakeries stacked high with fresh-baked pies. A lovely keepsake from a once in a lifetime journey.

FROM THE ORCHARDS TO THE SIERRAS: CALIFORNIA'S MOST AMAZING DRIVE

BEFORE YOU CRUISE

You're about to cruise through the heart of almond country, where nature and hard work come together. These orchards are more than beautiful-they're buzzing with life and vital to our livelihood. As you explore, remember these quick tips to stay safe and respectful.

The Almond Blossom Cruise is as easy as 1 - 2 - 3 ... Let's hit the road!

1

Bee nice. They're working!

Bees are busy pollinating blossoms to grow almonds. Admire them from afar-it's social distancing but for bees.

2

Stay Cool, Stay on Route

Between the trees? That's drip irrigation-it keeps the orchards thriving, so please don't step on or touch it. Oh, and don't wander too far, ranchers and their watchdogs call these orchards home, and trust us. You don't want to find out who barks louder.

3

Blossoms aren't keepsakes

Those pretty blossoms become almonds. Please keep your hands off, Picasso-they're not souvenirs.
