MURAL WALK

LARGER THAN LIFE ART

When your canvas is building-size, stories just spill off the bricks. Modesto's curated walking tour through a maze of murals introduces you not only to the incredible imagery, but also to the talented artists and supportive community behind each image.

Immerse yourself along a path of history, nostalgia, and dreams as the walls attempt to speak and we interpret through our audio tour, rich with backstories and artist insight. Grab your posse or hit the pavement solo - the tour will do the rest!
